

Court Not to Rescind Recent Order on County Agent

Farmers from all over Randall county gathered at the Commissioners Court room on Monday afternoon, to protest to the Commissioners Court the action taken a few weeks ago by the Court against County Agent W. H. Upchurch. There were approximately 60 farmers in attendance. Some six were from Precinct 4; nine from Precinct 1; ten from Precinct 3; and the balance of the group was from the Umbarger section.

W. E. Bennett, former member of the Court, was spokesman for the group. He stated that those present were a self-appointed committee to appear before the Commissioners Court and ask that the court rescind the order to put Upchurch out as County Agent. Bennett said that the group present thought that the order was not good; there was no justice in it; the action was ill advised; not right; and a great in-

justice to Upchurch. Bennett said all the farmers who had been in this area for years, and were here during the dust bowl have seen what good work County Agent Upchurch has done. Upchurch had advised the farmers, and given them help many times when it was imperative that they have advice and help, during the time when farming was almost impossible in this part of the country.

Wanted Short Discussion

Bennett told the Commissioners that the committee did not come to have a long discussion on the subject, because that could last for days, they just came to ask the court respectfully to rescind its order concerning Upchurch.

"The people outside Randall County are shocked," stated Bennett, "and it puts Randall County in a bad light. Mr. Upchurch has always worked for the good of the

people he is supposed to serve. He knows his work through and through, so we respectfully ask the Court to take County Agent Upchurch on for another year. He is hurt by this action and his friends are hurt."

Hunt Thanks Farmers

Judge A. H. Hunt told the farmers protest committee that the Court appreciated them coming out and showing this interest; and that it was a good democratic meeting; but there were many people who were of the opinion that there were strictly two sides to the question and many thought that a change in County Agents could be an improvement.

Bennett broke in at this point to ask the Judge not to try to be arbitrary, they did not come for a long discussion. He added also that Upchurch does not deserve the treatment he has had.

Not Opposing Agent

Judge Hunt said that the County Commissioners had no intention of not having an agricultural agent, but they thought there could be an improvement and they had requested A. & M. College to make its own investigation of the situation here.

Bennett then asked for a vote from the group as to how many thought they could not get a better County Agent than Upchurch, and the vote was unanimous in favor of keeping Upchurch. Bennett said he realized that this situation had not come up overnight, that it was an accumulation of many things over a period of years, but no one could deny that Agent Upchurch knew his work and had done his job well.

Praise Work of Upchurch

Walter Graham stated that he has had dealings with many County Agents and Randall County was

the only place he had ever been able to get anything done and done right, but the farmers could really get through this County Agent's office.

Benny Bennett, who formerly served as a County Agent for eight years, told the Court, "Mr. Upchurch can make you angry, but the point is, he is a top County Agent so far as his job is concerned, and from my own experience, it is no easy job."

Judge Hunt then dismissed the group and told them he was glad they had called on the Court and any time they wished to come back they were welcome to do so.

State Man Present

A Commissioners Court meeting followed, with Knox Parr of the A. & M. Extension Service at College Station meeting with the group. Parr was here from the Extension Service to investigate the situation.

He stated to the Court several times, that he had had no word, or even suspected things were not going smoothly here, until the action of the Court a few weeks ago.

Parr said Upchurch has a good reputation all over the State for the good work he has done in carrying out his job, and that Randall County is in the top ranking counties in agricultural improvement work, etc., because of Upchurch's fine devotion to his work.

Object to Attitudes

The Commissioners who voted to remove Upchurch agreed with Parr in the fact that there was nothing wrong with his work, and that he was a top County Agent, but their objection and the objection of many people who had talked with them was Upchurch's attitude toward the public.

"I realize this," stated Parr, "but I just supposed that the people here

had known Walter long enough and they understood him and knew how to take him. After all you can't change a man's disposition to suit everyone."

The answer to this was that lots of people did not know how to take him, and many were weary of his attitude.

No Change Made

After discussing the issue pro and con, the Court decided to stick to its decision made previously, to terminate the work of County Agent Upchurch on January 1. The Commissioners stated that it was a good gesture for the farmers to appear before the Court, but 50 was not too representative a number, and it wasn't too difficult to get that many people to sign a petition and to present it at the meeting.

Therefore, the Court was not going to make any further decision, but stick by its former decision.

Footings on New Water Tower Are Now Being Run

Footings for the new overhead water tank are being run at the location of the city property across the street north from the American Legion Hall.

A contract was let several weeks ago for this overhead tank, but the contractors require 360 days for the job because of scarce materials.

The City Commission selected this site, which will save the city several thousand dollars in pipe and equipment for the installation.

Mrs. Word to Give Recital of Original Compositions Here

Mrs. Charlotte Ingham Word of Clarendon will be guest artist at the monthly meeting of the Music Arts Club in Canyon on Sunday afternoon, November 17. The recital will be held in the auditorium of the college administration building at 3:30 o'clock.

The public is cordially invited to attend this recital by one of Canyon's outstanding women musicians. Mrs. Word has recently had a large number of her original compositions for piano and voice accepted for publication by one of the country's outstanding publishers. These selections will be the ones which Mrs. Word will play Sunday afternoon.

Mrs. Don Bowie of Amarillo will sing the vocal numbers.

Mrs. Word is the daughter of Mrs. S. L. Ingham and Mrs. Bowie will be remembered by many here as a former resident.

Calves Play McLean In Last Game

Rev. Thomson Returned Here Second Year

Rev. Hubert Thomson is returned as pastor of the Methodist Church for the coming year. His appointment was read Sunday by Bishop Sealeman at the close of the annual meeting of the Northwest Texas Conference at Pampa.

Rev. Thomson came to Canyon from Wellington last year, and his work has been very successful.

Rev. Edgar Ervine was continued as director of the Methodist Camp Grounds on the Ceta Canyon, south-east of Canyon.

Carlton Thomson, son of Rev. and Mrs. Hubert Thomson, was given the appointment of supply on the Hereford Mission.

Canyon Schools Are In Need of Added Plant Facilities

In keeping with the spirit of Education Week, Mrs. Dan Sanders talked at the Rotary Club Luncheon Tuesday. Mrs. Sanders pointed out the needs of the public schools of Canyon.

F. E. Savage was in charge of the program. Miss Ada V. Clark directed the West Texas State high school choir in a group of songs.

Mrs. Sanders is the first woman to be elected a member of the Canyon school board. She believes that the schools should prepare efficiently for peace and order in the years which are to come. Patrons of the schools should visit the schools, praise the good points, and stress to their neighbors the needs of the schools.

Canyon schools needs higher salaries for the teachers; needs more facilities and buildings. In the high school building the cafeteria is on the third floor, making class work almost impossible as the grade children are served their lunch; industrial courses create much noise and confusion for the other students; vocational agriculture is confined to one small room; and the band must practice in same building. All of these should be in a separate building.

Canyon is in the education business, and the public schools should be the best in this area. We are training youth for the world. The greatest power we have is education.

Visitors were: Arch Hunsley, Guy Saunders, Laroy White, J. E. Bowman, all of Amarillo.

Pvt. Charles Lee Evans, visited in the A. D. Prater home last week end. Before reporting to Stockton, Calif. for his new assignment, he visited his parents, Mr. and Mrs. Taylor C. Evans in Pampa.

Sporting a season record of five wins and two losses, the West Texas High School Calves will tangle with the McLean Tigers on Buffalo Field Friday afternoon at 2:30.

Highlighting the game will be the halftime coronation of the football queen, Nila Davis. Miss Davis will be accompanied in the ceremony by attendants Joan Byars, Bette Brown and Billye Gill.

McLean, a member of District 3-A, will be out to gain revenge for their loss of 12-0 to the Canyon club last year.

Members of the Calves' squad are as follows: Tommy Airhart, Horace Carter, Harold Crawford, Merle Ewton, Wayne Griffin, Kenneth Hiller, Tommy Hunter, Mitchell Jones, Jimmy Knott, Edward Lehnick, Charles Stevens, Benny Bonnington, Douglas Brazil, Mack Cantrell, Max Downing, J. C. Duncan, Kenneth Lieb, Carroll Miller, Herschel Miller, Billy McDonald, Harold Moore, Robert Oglesby, Tony Rusk, Berkley SoRelle, Dwayne Etewart, and Carroll Vaughn.

William F. Langston Receives Promotion In Alaska

The promotion of William F. Langston from the grade of Private to Private First Class in the Regular Army Air Forces was announced November 1 by Major M. E. White, Commanding the 46th Reconnaissance Squadron (Very Long Range) Photo-Weather, Ladd Field, Fairbanks, Alaska.

Private First Class Langston volunteered for the Regular Army Air Forces and was enlisted at Camp Chafee, Arkansas on December 17, 1945. He was assigned to the 46th Recon Sq and arrived at Ladd Field in August this year for duty. He is presently working as carpenter in the woodworking department.

The 46th Recon Sq will be in Alaska approximately two years, making photographs of unsurveyed terrain, weather surveys, and developing equipment and procedures for Arctic flying and cold weather maintenance as part of the Army Air Forces Cold Weather Testing Program.

Council Selects Hill President

To succeed the late Dr. Sam H. Whitley, who until his death last month was president of East Texas State Teachers College, Dr. J. A. Hill has been named executive officer for the Council of Presidents of state supported institutions of Texas.

With this new appointment, announced last week when Dr. Hill returned to the campus from a meeting of the group in Austin, the West Texas head begins his second term. He was council president from 1942 to 1944.

Serving as vice-president for the board of seven men is Dr. J. G. Flowers of Southwest Texas State Teachers College at San Marcos.

Now enrolled as a student at West Texas, Blake Timmons of Amarillo, district representative to the state legislature, accompanied Dr. Hill on another recent business trip. The two attended the annual conference of the West Texas Chamber of Commerce at Abilene the last week-end.

Mrs. T. J. Sherman of Lumpkin, Georgia, and Mrs. L. Chavous of Dublin, Georgia, are visiting here with their brother, J. L. Duggan.

Mrs. Lewis Reed of Eldorado, Ark., visited her parents, Mr. and Mrs. A. D. Prater, here this week.

Final Election Returns For Last Week Not Completed 'til Saturday ---All Four Amendments Carried

While more than a thousand voters went to the polls on Tuesday of last week for the general election, the special election on Thursday drew only 200 votes.

Due to the rain and heavy roads all during the week, the final election returns were not received until late Saturday afternoon.

All three of the amendments carried in Randall county in Tuesday's election. The greatest opposition was expressed against the state employee pension plan. The vote on this amendment was 407 to 350 against.

In the final tabulation in the race for Congress was: Worley, 424; O'Brien, 273. The heaviest protest vote against Worley came from two precincts: No. 8, Umbarger, cast 52 to 42 in favor of Worley; and South Amarillo cast 152 to 110 in favor of Worley. O'Brien did not carry a box in the county.

All local candidates, as well as state candidates on the Democratic ticket were elected with the usual heavy majority.

The veterans land amendment carried Thursday by a vote of 167 to 36.

Randall Motor Co. Caught Fire Wednesday Morn

A fire, which started from a leaky gas tank of a pick-up truck, raged practically all through Randall Motor Company, Wednesday morning about 8:45 o'clock. T. S. Stevenson, owner, managed to get most of his important papers and equipment out before the smoke reached the front office. The fire started in the back shop and the fire fighters managed to keep most of the flame confined to the back part of the building. However, the fire spread to the attic of the building before it was brought under control.

Damage to the building and equipment had not been estimated.

Funeral of Mrs. A. W. Hamill to Be Friday at 3

Mrs. A. W. Hamill died Tuesday afternoon at Kingsville after a short illness. The body will arrive in Amarillo Thursday and the funeral will be held at the Methodist Church in Canyon with interment in Dreamland Cemetery by the side of her late husband. The funeral will be held at 3 o'clock Friday afternoon, in charge of Rev. Hubert Thomson.

Mrs. Hamill has been living in Kingsville for several years with her daughter, Mrs. Raleigh Colson. Mrs. Colson will be remembered as Corrine Hamill, who was a member of the music department of West Texas State before accepting a position on the faculty of the college at Kingsville.

In addition to the daughter, Mrs. Hamill is survived by two sons, Keith Hamill of Newton, Iowa, and Hubert Hamill of Fort Worth. Both will arrive Thursday, together with Mr. and Mrs. Colson.

Mrs. C. O. Keiser of Amarillo is a sister of Mrs. Hamill. She is the sole surviving member of the family.

The Hamill family moved to Canyon in 1920. Mr. Hamill was associated with C. O. Keiser. He died six weeks after Mr. Keiser in 1928.

Amarillo To Be Host To PTA Convention

Amarillo will be host to the Texas Congress of Parents and Teachers for its 38th Annual Convention, November 20 to 22.

"Laying Firm Foundations" is to be the theme and the National Congress president, Mrs. L. W. Hughes of Arlington, Tenn., will speak upon this subject.

Special speakers in addition to the National president will be Dr. Kenneth McFarland, superintendent of schools in Topeka, Kansas; Judge Phillips Gilliam of the Juvenile Court, Denver, Colo.; Dr. J. B. Schoolland, University of Colorado; Dr. A. D. Foreman, Baptist minister in Amarillo; and Charles H. Tennyson, public relations director for the Texas State Teachers Association.

All sessions will be held at the Municipal Auditorium and there will be a tea for the delegates the afternoon of November 21 at the Federated Club Rooms.

The executive officers of the local P. T. A. will be voting delegates, but Mrs. J. D. Barker, president, urges that all others who can, plan to attend these sessions as they will be most interesting and worthwhile.

Editorials

The only surprising thing about the election last week was the size of the Republican majority in both branches of Congress. Most Democrats were convinced that the Republicans would win control of the House, but little suspected that the majority there would be so large, and that GOP would likewise take control of the Senate. It was a clean cut repudiation of the Democratic party, which has insisted upon holding onto war powers, and cramming down the throats of the people the socialistic ideas which were brought to Washington under the Roosevelt administration. The New Deal is whipped. We hope that the old deal will not be as rotten as it was under the Harding and Hoover Administrations.

President Truman probably got the jolt of his life when the election returns came in. His administration has been repudiated by the voters. We feel sorry for the President. He is the victim of the vicious administration which was set up in Washington. The bureaucrats no doubt painted for him a rosy picture as to how the people loved him and the Democratic party. While he had little to do with the vast governmental machine which was built up by Roosevelt, the house of bureaus tumbled on his head. His friends from Missouri certainly should have seen what was going on in the nation. Perhaps they too were over optimistic.

The Republicans now have the responsibility of the government. It is a serious responsibility. If the party insists upon building up a Republican machine and handing out jobs to the hungry politicians of the party to the same extent as we have witnessed for the past 13 years, GOP will be repudiated at the polls either in 1948 or 1952. Republican leaders should make a serious study of the political history of the nation between now and January first. They should read the history of those parties which seek to chain the people to their chariot wheels, as the new deal has done in recent years.

The President has junked most of the OPA, the outfit which brought defeat to the Democratic party. The President certainly was warned that OPA was the most unpopular agency in the nation. He certainly realized that the American people were not going to stand for the arrogancy of this bunch of nitwits who were trying to force their will on the people of the nation. Americans were willing to stand for regimentation during the war, but they justly rebelled when war time powers were continued long after the fighting stopped. If the President had allowed OPA to remain dead after June 30, the people might have forgiven the Democratic party and allowed it to remain in power.

When the President ends his war powers, and junks a hundred or so governmental agencies, wonder if he will be willing to fire a million or so useless tax eaters who have their feet on government desks? The only way he can keep the Republicans from replacing these Democratic bureaucrats with GOP bureaucrats is to fire the whole bunch.

The Republicans have promised radical tax reductions. If the party carries out this pledge, we feel it will make a mistake. After all we have a national debt of approximately \$2,000 for every man, woman and child in the nation. This debt must be paid, or repudiated. America has never repudiated a debt, and it is silly to think of reducing taxes until we start paying this debt. While labor and prices are high is the time to collect taxes. Yes, and incidentally, we cannot hope to reduce governmental costs until the Republican party cuts running expenses—that is, firing all needless employees, and trimming all useless appropriations. The Republicans have a hard job ahead to live up to their promises.

Labor received a jolt at the hands of the voters. Many of the most ardent labor leaders in Congress were defeated by the voters. Again, the voters show that they are sick and tired of the soft attitude which

has prevailed during the Roosevelt-Truman administrations. The nation is not against honest laborers, but they resent the tactics of the labor racketeering leaders who have been bleeding the public in order to build up their own political machines. These chaps realize that the holiday is over. They know that when the new Congress meets they will find a different attitude. The White House will not be able to dish out favors to the labor leaders at the expense of the American people. It is very unfortunate for the honest laboring men, millions of them in this nation, that they fell under the spell of these labor racketeers, like John L. Lewis, Petrillo, and others who are equally as bad.

Texas went Democratic, as usual, with a record of four amendments being approved by the voters. We hope that the legislature will be more careful in the future and not make the mistake of calling a special election on a constitutional amendment only two days after the general election. Incidentally, we hope that the \$25,000,000 land amendment will not turn out to be just another \$25,000,000 fraud on the taxpayers of the state.

The protest vote in this district against Congressman Eugene Worley was larger than we expected. However, we feel that Worley fell into the bureaucratic cesspool in Washington and did not realize how the people felt about public affairs. Unless Worley's eyes are opened, he may expect strong opposition in the Democratic primary of 1948. The people of this district are human, just like the people of other sections of the nation. They are tired of being bossed around by dumb fellows in Washington. Worley should read some of the orders which came out of Washington. For instance, the one which told a West Texas ranch not to sell his steers, but to keep them for breeding purposes. And another to the West Texas ranch who asked for material for cattle guards on his extensive ranch, he must reduce his demands from four cattleguards to one, as this would take care of his herd. Congress and the administration should be more careful in the future as to whom it turns over administrative authority. Being unemployed is no sign that any person will make a good government employee. Yet Washington was filled with just such persons during WPA, and they continued during the war. Dumb!!!

The Republicans have promised a full and complete airing of huge

war profits. All of us thought that Roosevelt meant his promise to eliminate profits during the war. We were told that no one should expect to make a profit while our boys were fighting and dying on the bloody battlefields. Yet it developed that greater war profits were made during the Second World War than were made during the first one. The government encouraged the wasting of billions of dollars—dollars which we are going to have to repay. Dollars which created a huge national debt, which will bring on another depression. Everyone hopes that the Republicans carry out this promise, and that the grafters of this nation, who became millionaires during the war are exposed. The money is probably gone, but the grafters can be held up to the scorn of an indignant people. The Republicans may do a good service for the nation.

We see that Doc Rainey is back in Texas, still unemployed. He hung around Washington hoping that some one would give him a job. But he failed to land on the government payroll. He brings back the message that if Roosevelt had taken Wallace there would have been no Republican revolt and the Democrats would still have held the fort. He predicts that Wallace will lead the Democratic ticket in 1948. The socialistic tendencies of Wallace suits Rainey to a T. And then the poor doctor takes a job at the voters by declaring that the Republicans have taken over the Democratic party of Texas. Just who carried the election in Texas, Mr. Rainey. If the Republicans rule the Democratic ticket, why did they not receive greater support? Of course anyone who is not for Rainey is a Republican, or an outlaw—according to the dear doctor.

Another tragic highway accident in Randall county. This makes six in a short period of time. How are we going to stop this slaughter on the highways? We wish that we knew a good plan. So long as people crowd the highways, fatal accidents will occur. Drive carefully in all kinds of weather, and stay at home when the weather is bad. There is hardly an issue of the daily newspapers which does not record fatal accidents on the highways.

The West Texas Chamber of Commerce has been trying to convince the farmers that the gasoline tax refund on non-highway gasoline should be abolished; and that the school land of the University of Texas should be divided between all state educational institutions. We believe that the Chamber went out on a limb which is not going to do the organization one bit of good. The people of West Texas are not interested in either of these pro-

Disgruntled Democrats are demanding that National Chairman Bob Hannegan resign his post in view of the Republican landslide. Those who are hollering the loudest for his political scalp had more to do with the Democratic defeat than did Hannegan. Bob may be a poor politician, but you must recall that he did not assume office until Truman was elevated to the White House. Those fellows who have been hanging around Washington for a long time should not expect

a new man to correct the evils which have accumulated during the past 13 years.

Of course President Truman is not going to resign his post so that the Republicans may have the job. In this instance the President would choose his own successor; Truman likes his job; it is the best job he ever held. While there is a very slight chance for him to be re-elected in 1948, he has two years to go. If he shows good judgment, he will be able to hold the ship of state in line in spite of the heavy Republican leadership in Congress. It is

not an easy job, but Truman is not a driver of the Roosevelt type.

We read a statement since the election that astounded us. It came from a very intelligent man. He thinks that the nation is going to the eternal bow-wows because the Republicans were returned to power. The News cannot agree with any such sentiment. If the Republicans insist upon continuing new deal policies, and stacking needless bureaus with needless employees and useless functions, naturally there will be no relief. We prefer to believe that the Republicans will cut the heads off a lot of useless governmental employees and reduce operating costs.

Not long ago The News received a year's subscription from a government bureau located down at Fort Worth. A few days after the check was received in walked a well dressed, but seemingly brainless bureaucrat. He asked why we had not been publishing the releases which were sent to us. We asked if this agency expected to receive \$100 worth of advertising in exchange for the \$2.00 subscription, and if this was his game we would gladly re-

fund the money. So far no reply.

Senator Hazlewood, Representative Timmons: Why not repeal that useless pledge on the Democratic primary ballot? Good American citizens are not going to be forced to vote for people they know are not qualified for public office. So why make them out liars? A fine young business man asked us the other day if it was not illegal to "scratch" names on the Democratic ticket. He was of the opinion that his ballot would be thrown out unless he voted the Democratic ticket straight. Too many Texans feel that they are not good citizens unless they vote the ticket straight. That is not good Americanism?

June Gazaway Bride of Gordon Foster

In a simple and impressive home wedding ceremony, Miss June Gazaway, daughter of Mr. and Mrs. J. F. Rogers, became the bride of John Gordon Foster, son of Mr. and Mrs. Jack Foster of Wayside, Sunday afternoon, November 3, in the home of the groom's parents, with Rev. Elmer Crabtree officiating.

The ceremony was solemnized before an improvised altar of evergreens with large baskets of white mums and white tapers in large seven branch candelabras on either side of the altar.

Miss Gwen Hayes sang "I Love You Truly" accompanied at the piano by Mrs. Horace Lindley of Tulla. Miss Naomi Lancaster and Miss Willie Faye Penn lighted the candles just before the wedding party entered as the pianist played the wedding march.

The bride, who was given in marriage by her brother, Ray Gazaway, was dressed in an off white dress maker suit with black accessories. For something old she wore a gold bracelet belonging to her sister, for something borrowed she carried a white Bible, which belonged to Miss Penn, for something blue she carried a blue lace handkerchief, and her bouquet was of white rosebuds.

The bride's only attendant was her sister, Miss Joyce Gazaway, who served as maid of honor. Dean Foster, brother of the groom, served as best man.

Immediately after the ceremony a reception was held. The table was covered with a lace cloth and centered with an arrangement of mums. The bride and groom cut the first piece of wedding cake, after which Mrs. Horace Lindley and Mrs. A. B. Hillard of Tulla, served the wedding guests with cake and punch.

The guests who registered in the bride's book, presided over by Miss Alice Foster, sister of the groom, were: Mr. and Mrs. Paul Foster, Mr. and Mrs. Robert W. Foster and Chandler, and Miss Naomi Lancaster of Amarillo, Mr. and Mrs. C. B. Lanier of Lubbock, Mrs. L. R. Gregory of Slaton, Mr. and Mrs. A. B. Hillard and Mrs. Horace Lindley of Tulla, Mr. and Mrs. Hosea Foster and Mary Alice Foster of Canyon, Mr. and Mrs. Paul E. Foster of Hereford, Mr. and Mrs. J. F. Rogers, Rev. Crabtree, Mr. and Mrs. Ray Spear, Mrs. E. M. Wilson, Darrell, Ervin and Charles, Misses Joyce Gazaway, Ollie Brown, Willie Faye Penn, Gwen Hayes and La Nell Taylor. Ray Gazaway, the grooms parents and brothers, Dean and Dick.

The young couple left immediately after the reception on a short wedding trip to New Mexico after which they will be at home in Canyon.

Students Travel To Waco Meet

Home again after participation in a state-wide meeting of young church-workers, a group of students returned to the campus last week from Waco, where they attended a three-day Baptist Student Union Convention lasting from November 1 to 3.

Assisting with organization of the convocation were Mary Lee Reid, in charge of registration, Billy Jane Bonifield, handling the program personnel, and Georgia Holt, who presided over the Saturday morning session.

Trio Sings

Also contributing to the gathering, a girls' trio consisting of Joy Kilgore, Mary Lee Abbott and Billy Jane Bonifield offered special music.

In a drama adopted from "The Robe," by Douglas, George Stokes, former WT student now enrolled at Baylor, played the part of Marcellus, a Roman tribune.

Other Trippers

Others of the Canyon group attending the conference were Mary Prescott, Kathryn Moseley, Ann Crawford, La Nelle Phillips, Laura Lee Davis, Bobbie O'Neil, Billye Ponder, Opal Pegram, Martha Hammond, Helen Louise Wykes.

Billy Ray Boling, Wilbert Long, John Boling, Harold Jay Prichard, Billy Joe Pegram, Neil Cooper, David Morris, Dayton Morris, Hubert Waldrop, Bob Kilgore, Guy Brant and Mrs. T. H. Knighton.

CARD OF THANKS

We wish to express our deepest appreciation and thanks to our friends who were so kind during our time of sorrow. Mr. and Mrs. Buron Fewell, Clyde Fewell, Mrs. Mary Burtz.

DID YOU SAY FOOT?

Botkin's Treasury of American Folklore has a tale of particular fascination at this time.

It's called "The Adventures of Big-Foot Wallace," a character who was born down in Virginia in 1816. It tells "How Big-Foot Wallace Got His Name," how he meets adventure, "Takes a 'White Lion' and Pays For It," and his opinions of farming.

All-Boy Band To Board Train December 3 for Four-Day Tour

Featured entertainers on a four-day good-will tour sponsored by the Amarillo Chamber of Commerce, 40 members of an all-boy band chosen from the 80-piece Buffalo Band will embark via chartered train December 3 on an itinerary that will take them to 22 communities of this area.

Announcement of the decision by C. of C. officials to finance transportation and all expenses incurred on the trip was made to the musicians yesterday at 4:30 by director M. J. Newman under authorization of Rex B. Baxter, executive vice-president and general manager.

With overnight stops scheduled at Lubbock, Clovis, and Roswell, the 40 players will occupy berths in their all-Pullman train each night of the journey.

During the first day, the band will perform in Canyon, Happy, Tulia, Kress, Plainview, Hale Center, Abilene and Lubbock. Next on their timetable are Littlefield, Muleshoe, Farwell and Clovis, to be visited Wednesday.

Thursday's round-up of New Mexico towns includes Carlsbad, Artesia, Hagerman, Dexter and Roswell. Back in Texas after making the first stop in Portales Friday, the 40 boys will go through Bovina, Friona, Hereford and Amarillo before returning to Canyon.

Shortest distance between two points: Cabinet member to displaced person.

Several Students Take to the Air Solo This Week

Four students were given the green light this week to "take 'er up solo," and those expanded chests were just a little noticeable. But definite congratulations for solo status go to Vernon Crooks, Charles Smith, Tom Foster (non-college) and Bruce Brown. The first solo is quite a day in a pilot's life, and to be remembered for a very long time. If you listen closely when a few pilots get together to chew the fat, you'll always hear, "Now, I remember the day I soloed—" and on the story goes!

The new Bellanca Crusair that was ferried down from Delaware last week, didn't stop for long at Canyon Aviation. It was delivered by George Cox almost immediately to its new owner, Dr. C. C. Craig at Lubbock. Cox is the dealer in this territory for the Bellanca, and made the delivery personally to Dr. Craig. This new Bellanca was sound-proofed throughout at the factory to eliminate cabin noise and was quite an improvement over the earlier models.

NAVION

There has been much interest shown and many questions asked about the new North American "Navion." It is supposed to be another private pilot's dream, and well it could be, because North American made some awfully "sweet" ships during the war such as the AT-6, B-25, and P-51. You'd seldom, if ever hear a pilot who has flown the AT-6 find any faults with it.

So, with the tail of the P-51 and the wing design of the AT-6, and tricycle landing gear besides, the NAVION should certainly be all right. Everyone who was at the airport about noon last Sunday, had a chance to get a first hand look at the "Navion," as it landed to be

served at Canyon Aviation. This smooth little number was being flown by Don Coleman and his wife and was on a cross-country trip from California. North American has done itself proud with this ship. It is all metal, carries four passengers and 80 pounds of luggage, cruises at 160 mph, has a bubble canopy for good visibility, and a retractable tricycle landing gear. For business use, the "Navion" can accommodate two people and 435 pounds of cargo. The all-metal Standard Model sells for \$6100, and of course that is less radio and a few instruments.

Now, maybe one of these days the new Beechcraft "Bonanza" will fly into Canyon Aviation, and we'll get a first hand look at it.

AMARILLO AVIATION

Opportunity is practically knocking itself out at Amarillo's door, so far as the future of aviation is concerned, and it is hoped that the people will recognize it as they vote on November 30 on the \$500,000 bond issue. It will mean the difference between crippled airport operations, and a national airport center.

Due to Amarillo's strategic location, it can be the center of air traffic going both East and West, if it has adequate facilities to accommodate the traffic. New feeder lines are asking to come into Amarillo, and the old established airlines are going to be getting larger ships that require more airport service. The Army has dropped a gold mine in Amarillo's lap by donating to English Field the improvements on the East side of the field. And, of course, if Amarillo becomes a national airport center as it has the opportunity of doing, it will automatically be a boost for Canyon as well.

HOT PAPAS

A group of Southwest pilots have organized a Hot Pilots Automotive Protective Association, to protect themselves against the unsafe, noisy, low-flying contraption called the automobile. Jim Gray, president of the organization, suggested that since all the members were so "hot under the collar" at all the reckless drivers and automobile wrecks, that they call themselves the above named organization, which when abbreviated becomes their call letters—HOT PAPA.

Rev. Joe Findley Spoke at Legion Armistice Service

Rev. Joe Findley, pastor of the First Christian Church, made a most impressive speech at the American Legion Armistice Service, at the Methodist Church, last Sunday afternoon. The main text of his speech was as follows:

"With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle and his widow and his orphan, to do all which may achieve and cherish a just and lasting peace among ourselves and all nations."

"These words were almost the last words spoken by Lincoln during his public career. They catch the spirit of America at her best. They are not only profoundly American but they are just as profoundly Christian. We make a Christian claim for them advisedly; we find that the entire speech was predetermined by the teaching of Jesus."

"Lincoln based upon Scriptural references, his belief that the will of God is never a mere reflection of the will of the people. When he considered the well known riddle as to who's side God is on during a war when both sides pray in faith to Him Lincoln concluded that the

Six Giant Pumps Will Aid Coulee

Plan to Water 400,000
Acres of Dry-Farmed
Land and Sagebrush.

GRAND COULEE, WASH.—Six water pumps—most powerful and largest ever built—are planned to be installed to pour out a life-giving stream over 400,000 acres of sagebrush and dry-farmed land in south central Washington.

As work is rushed on Grand Coulee dam's irrigation system, two California firms have begun manufacture of the pumps, a job they bid on jointly. Costing \$1,062,975, the giants will be built by the Pelton Water Wheel company of San Francisco and the Byron Jackson Pump company of Los Angeles.

They'll be driven by 65,000-horsepower electric motors, Commissioner of Reclamation Michael W. Straus said. Each pump will be capable of lifting 12,000 gallons of water per second to the height of 270 feet.

Co-operated in Design.

In designing pumps of such unprecedented size, the bureau had the help of the California Institute of Technology at Pasadena. Its engineers worked with those of the bureau at Denver in conducting the scientific research, experimentation and laboratory tests required in perfecting the designs.

The six pumps, forming a battery, will be installed in a plant built on a rock shelf of the canyon wall, upstream from the dam. Each pump, with its motor installation, will be approximately 50 feet high. Ten of them operating simultaneously for 18 minutes could pump the equivalent of a gallon of water for every man, woman and child in the United States.

The first two pumps are scheduled for delivery early in 1948, and the remaining four later that year. Because no pumps approaching the size of the Grand Coulee equipment have ever been constructed, the manufacturers will build a reduced-scale model which will undergo extensive hydraulic tests. Performance of the model as indicated in the tests will be used as a basis for approval of the pump designs.

War Halted Work.

The pumps will be an integral part of the water distribution system for the Columbia basin project now being developed by the bureau of reclamation to harness the Pacific Northwest's mightiest river for irrigation, power production and flood control.

A million acres of arid land will be irrigated with water stored in the 150-mile-long reservoir of the dam when the project is completed. Work on the irrigation system was stopped by the war, but the bureau now has launched an expanded construction program aimed at providing facilities for the irrigation of the 400,000 acres by 1950 or 1951.

Grand Coulee was nearly completed in 1942 and its partially completed plan helped tremendously in the power output for war industries.

British to Train Young Women Police Careers

LONDON. — Since there is no Sherlock Holmes around to clear up current crime mysteries, English police authorities have resorted to new methods in an effort to check the postwar crime wave.

One method calls upon attractive young women to train in the Criminal Investigation department college for employment as qualified "plain clothes" detectives, sniffing out crime in the English provinces. "Plain clothes" is a deceptive term, since these female crime-chasers, who receive the same pay as police women, will get a special clothing allowance, with coupons.

Twenty-one English girls already have entered the C. I. D. college, with dozens to follow. Before entering the college, the future girl detectives must serve an apprenticeship as a uniformed "flatfoot," helping old ladies cross roads and protecting school children.

Various Disasters Hit 185 Japanese Workers

TOKYO. — Two mine explosions and a railroad accident left 185 Japanese dead, missing, or injured.

At least 7 were killed and 93 injured by an explosion of 2,000 pounds of dynamite at a mine cable terminal of the Chugai Mining company near Nagano.

Kyodo News agency said 44 persons were missing after an explosion in a pit at the Tagawa coal mine in Kawasaki, on Kyushu.

A Nagoya repatriation train crashed into the rear of a standing train at Ninomiya station killing 7 and injuring 34.

Westinghouse Boosts Its Output of Appliances

NEW YORK.—Westinghouse Electric corporation has attained about 50 per cent of its prewar production rate on refrigerators and is exceeding its former output of electric irons and roasters, Gwilym A. Price, president, said recently.

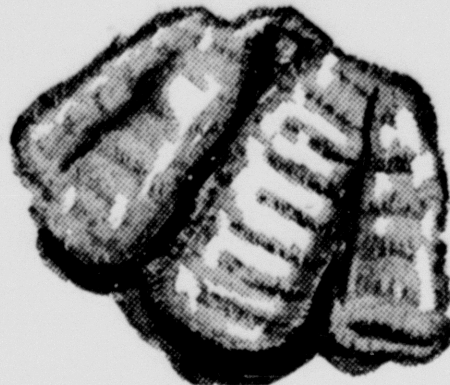

The electric appliance division is turning out approximately 1,000 refrigerators a day and about 3,000 of the smaller units daily.

Nothing like a power strike to turn a utility into a futility.

MRS. JOHNSTON HOSTESS TO RALPH H. D. CLUB

Mrs. L. S. Johnston was hostess to the Ralph Home Demonstration Club members on November 6, when the club held its "Home Food Supply Achievement" day. A lovely luncheon was enjoyed by every one present.

In the afternoon, the meeting was called to order by the club president, Mrs. Crews Henry, and the business for the day discussed. The Christmas party will be held December 11 in the home of Mrs. Joe Cox. The county wide club party will be held on December 7 at the Thompson club room. The entertainment for the afternoon was furnished by Mrs. Crews Henry who gave an interesting book report on "Mama's Bank Account."

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of November 17, 1921)

Mrs. T. F. Reid died suddenly at her home.

The six months old daughter of Mr. and Mrs. A. E. Wise died.

The clean up campaign under the direction of Dr. S. L. Ingham was a great success. Every citizen of Canyon co-operated in the campaign.

J. W. Reid was called to North Carolina by the death of his father.

Five Canyon boys are members of the first squad of the Buffalo team: Foy Terry, Everett Key, Joe Lancaster, Ira Jenkins and Barto Johnson.

Rev. Simeon Shaw was transferred to the South Side Methodist Church of Memphis, Tenn.

L. T. Lester reported that a large wheat acreage is being planted over the Panhandle in spite of the continued dry weather.

Gasoline was selling at 24 cents per gallon in Canyon.

Dr. C. E. Donnell has bought a home in Canyon and intends to practice medicine here. He bought the Hutson section near Umbarger this spring and moved his Short-horn herd here from Silverton.

Oil excitement has increased in Amarillo as several major companies have prepared to drill.

Hunters Liable to Tick Fever When In Wooded Lands

With the hunting season now open, Dr. Geo. W. Cox, State Health Officer, is urging that all hunters or other persons spending time in wooded areas use all possible precautions against being bitten by ticks which may infect the victims with relapsing fever. He further advises that when a tick is found, it be removed from the body as soon as possible and that care be taken not to crush the ticks in handling them.

"Tick-bite fever is contracted, Dr. Cox explained, "either from the bite of infected ticks or by absorbing the infectious material through breaks or scratches in the skin." According to Dr. Cox, the disease does not spread from person to person by direct contact but only through the bite of an infected tick or body louse. Prompt removal of the insect is of the utmost importance.

Relapsing fever, commonly called tick-bite fever, is characterized by sudden onset, intense headache located in the front part of the head and pains in the back and limbs. The fever lasts from three to five days before slowly declining. The temperature will then remain normal for about a week when the fever repeats itself. There may be three, four, or even more such relapses, which accounts for the name of the disease.

Dr. Cox said that wearing of suitable clothing so as to prevent ticks getting next to the skin is of importance in the prevention of this disease. The insects may be removed with the fingers but the use of tweezers is recommended since this helps to prevent leaving the head imbedded in the skin. After removing or handling a tick, the hands should be washed carefully with soap and warm water.

After cleaning hair combs place them in a solution of one tablespoon of ammonia to one quart of water and they will look bright and clean.

Veteran of many difficult horse-races as well as of the U. S. Navy, Jack Brown, ex-jockey, trainer, and sailor is now enrolled as a freshman at W. T.

Jack is a native of Evansville, Indiana; his racing career began there but later carried him to Kentucky, Rhode Island, Florida, Illinois and New York.

Of the many races which Jack won, perhaps the most noteworthy was the Hielea Park Futurity in Florida.

Although preferring the three-quarter mile race, Jack has also participated in many one-mile races.

Jack, who is now living at Stafford Hall, only recently received his discharge from the U. S. Navy with a service record which includes service abroad the the well-known U. S. S. Nashville in the South Pacific.

WHY ARE WHEATLAND PLOWS

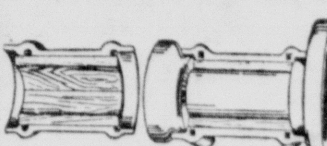

THE MOST POPULAR?

Even the women folks prefer MM Wheatland Disc Plows because there's no criticism of the job done. They simply do the job just right.

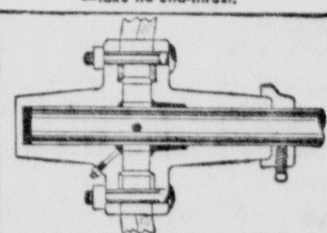

There is an MM Wheatland to enable you to cut the cost of preparing your seed bed as much as 50% over ordinary methods. 26 inch discs and 10 inch spacing between discs give it wide cut and light draft.

• Plows and Discs IN ONE OPERATION—yet very light in draft—seeders or drill attachment available. • Mixes stubble and vines thoroughly with the soil—plows from 3 to 9 inches deep. • Helps prevent air pockets and soil blowing. • Can be used to build terraces the economical way.

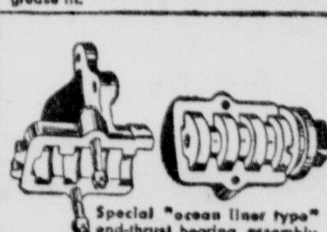

Although the degree of concavity is about the same as ordinary 20 inch discs, the depth of concavity is 4 inches as compared to only 2 1/4 inches. As a result MM Wheatland Plows turn the soil much better. Extra large discs mean less wear on the disc bearings as discs make fewer revolutions per mile. Discs are specially heat-treated steel, highly polished to scour better. RIGID FRAME: This frame is now famous as the one that won't "twist", "wear", or "give"—thanks to its BRIDGE TRUSSED construction and the extra-heavy-duty casting and steel plates that connect the heavy axle to the rigid frame. Hand and powerlift models—See your MM dealer for sizes and when available—they're worth waiting for.

Disc bearings are self-lubricating—take no end-thrust.

Cross section of wheel and axle. End-thrust collar is pinned to axle. Dirt is kept out—grease in.

Special "ocean liner type" end-thrust bearing assembly takes oil and thrust.

Student Senate Names Russell As Delegate To Sun Carnival

SUN PRINCESS MARY RUTH RUSSELL

Mary Ruth Russell is Sun Princess of West Texas State for the holiday season of 1946 by a unanimous choice of the Student Senate. From all the girls on the campus, the governing body selected Mary Ruth as the one they think will best represent the school at the Sun Carnival in El Paso on January 1.

Because of a change in plans, the princess was selected from the student body at large instead of from those who expressed their desire to go. The senate has now allocated thirty dollars to the actual expenses of the trip, which should not exceed this amount.

A recent sweater girl candidate, Mary Ruth is a senior sociology major from Hereford. She is a senior student senator, a snare drummer in the Buffalo band, and an assistant on the staff at the Panhandle-Plains Museum. To last from December 27 through the all-climaxing events culminating on New Year's Day—including a football game in the Sun Bowl, coronation of the Sun Queen, in which the 45 princesses from Border Conference schools will participate; numerous dances, lunches and other special honors—the festival is the

twelfth of its kind sponsored by El Paso officials. Last year's choice to attend the carnival was La Nelle Ekelund.

Hoover Sees Crime Army of 6,000,000

FBI Chief Warns of Wave Of Lawlessness.

WASHINGTON.—FBI Director J. Edgar Hoover said the nation "is facing a potential army of six million criminals" and an "ever-increasing wave of lawlessness which is feeding the criminal ranks with a never-ending supply of recruits."

"Our homes and our lives," Hoover declared, "are daily threatened by this vast army. Law enforcement today is facing one of its most gigantic tasks."

"The crime increase so far this year is even greater than 12.4 per cent increase recorded for 1945. And every 20.1 seconds last year a serious crime was committed; every 6.4 minutes someone was raped, feloniously assaulted or slain."

Hoover stressed that the "vast army" of criminals "is 10 times greater in number than the number of students in our colleges and universities. And for every school teacher in America there are more than seven criminals."

In an interview Hoover outlined what he considers the immediate causes for "the present wave of lawlessness," and he suggested some remedial measures.

He attributed the crime wave to: "A recession of moral fortitude, laxity in parental control, lowered moral standards, social and economic conditions, and abuses and maladministration of the penal system." He emphasized "laxity in parental control," saying:

"We must eradicate the cause of crime at its roots. Small crimes generally precede great crimes and too often these small crimes are perpetrated by youngsters still presumably under home influence. Every home in America must become a sanctuary for good citizenship and not, as in many instances today, a breeding place for criminals."

'46 Recreation Cost Put at Four Billion

WASHINGTON.—Amusement-loving Americans will spend about \$4,000,000,000 this year on ball games, movies and other forms of recreation, the commerce department estimated.

Such an outlay of cash for spectator and participant diversion would be the highest in the country's history, said officials. Their estimate of 1946 "consumer expenditures for all recreation, everything from flying lessons to bike riding," was based on figures available for the first half of this year.

Through June, the public had spent about \$1,725,000,000 on recreation as compared with \$1,455,000,000 for a similar period in 1945.

Gets 10-Year Term for Theft of Pearl of Asia

PARIS.—Yvon Collette, who escaped from a mental hospital a month ago by gnawing his way out of a straight jacket, was sentenced to 10 years in prison and fined 50,000 francs (about \$420) upon conviction in absentia of theft of the Pearl of Asia, a gem valued at \$200,000.

Collette's wife, Georgette, was sentenced to two years' imprisonment and fined 10,000 francs (about \$84), and Joseph Klop, accused of posing with Collette as a policeman to aid in the jewel theft on April 6, 1944, was sentenced to five years' imprisonment and fined 20,000 francs (about \$168). The fines were levied to pay the expenses of the pearl.

The pearl was recovered from a water tank in a Marseille hotel and has been restored to its owner, R. P. Robert, head of a religious organization.

While awaiting trial a month ago, Collette was transferred from prison to the hospital, where he made his escape. He is still at large.

Industry Is Booming In Russ Reich Area

BERLIN.—Industry in the Russian zone of Germany is booming, with no unemployment in Saxony and Thuringia and an actual labor shortage in some sections, German officials told a group of American correspondents who have just returned from a conducted tour of the Saxony-Thuringia industrial area.

They said the greater portion of the finished products of German factories was going to Russia for reparations. From the huge Zeiss optical works in Jena, the largest industry in the Soviet zone, the Russians are taking 90 per cent of production, the German factory director said.

Japanese Exports Almost Twice Total of Imports

TOKYO.—Since the end of the war Japan has amassed a favorable trade balance of more than \$23,000,000. This was reported to the Allied council for Japan by L. P. Fleming, chief of supreme headquarters' export-import division.

Since the surrender, Japan has imported foodstuffs and commodities valued at \$27,845,854 and exported \$51,477,457.

noon at a post nuptial shower was Mrs. Bobby Brant O'Neal. Hostesses for the tea shower were Mrs. H. E. Campfield, Mrs. John W. Gamble, Mrs. W. W. O'Neal, Mrs. Boyd Moore, Mrs. Burney Slack and Mrs. Dan Usery. The shower was in the home of Mrs. H. E. Campfield. Receiving the guests who called between 4:30 and 5:30 o'clock were the honoree, Mrs. O'Neal, Mrs. A. G. Brant, mother of the bride, and the hostesses.

Entertaining rooms were decorated with fall flowers, and the bride's chosen colors of pink and green were carried out in the decorations. Tea was served by Mrs. Gamble from a beautifully appointed table covered with a lace cloth and topped with pink tapers and pink chrysanthemums. Hot spiced tea, iced cakes and pink and green mints were served to the guests.

MRS. SHIPMAN HOSTESS TO ACHIEVEMENT DAY

Mrs. H. H. Shipman was hostess Friday afternoon, November 1, to Achievement Day of the Center-view Home Demonstration Club. Mrs. Shipman is food demonstrator of her club. She has canned this year a total of 428 quarts of fruit, berries, pickles, vegetables, relishes, tomatoes, meats, krauts, etc., besides growing many potatoes, cabbage, pumpkins, onions and peanuts.

A game of "Thanksgiving Dinner" was played, and it was directed by Mrs. J. W. Wesley.

Mrs. Lester Bryan and Mrs. Clayton Devin were elected as Home Planning demonstrators for next year. Mr. and Mrs. H. H. Shipman will be landscaping demonstrators.

Pumpkin pie topped with whipped cream, and cocoa was served to visitors. Mrs. M. M. Tucker, Mrs. J. H. Haley, Mrs. Clayton Devin and Gracine, Mrs. Alvin Wesley, Mrs. Horney Rogers, Miss Evelyn Schaeffer, Miss La Vinia Amerson, and Miss Lou Ella Patterson. Members present were Mrs. A. E. Wise, Mrs. S. F. Sharpes, Mrs. T. J. Myers, Mrs. Serena Bryan, Mrs. Oscar Read, Mrs. J. W. Wesley, Mrs. Lester Smith, Mrs. Doris Gillham, Mrs. G. E. Wesley, and the hostess, Mrs. Shipman.

The next meeting will be Friday afternoon, November 15, at the home of Mrs. Serena Bryan.

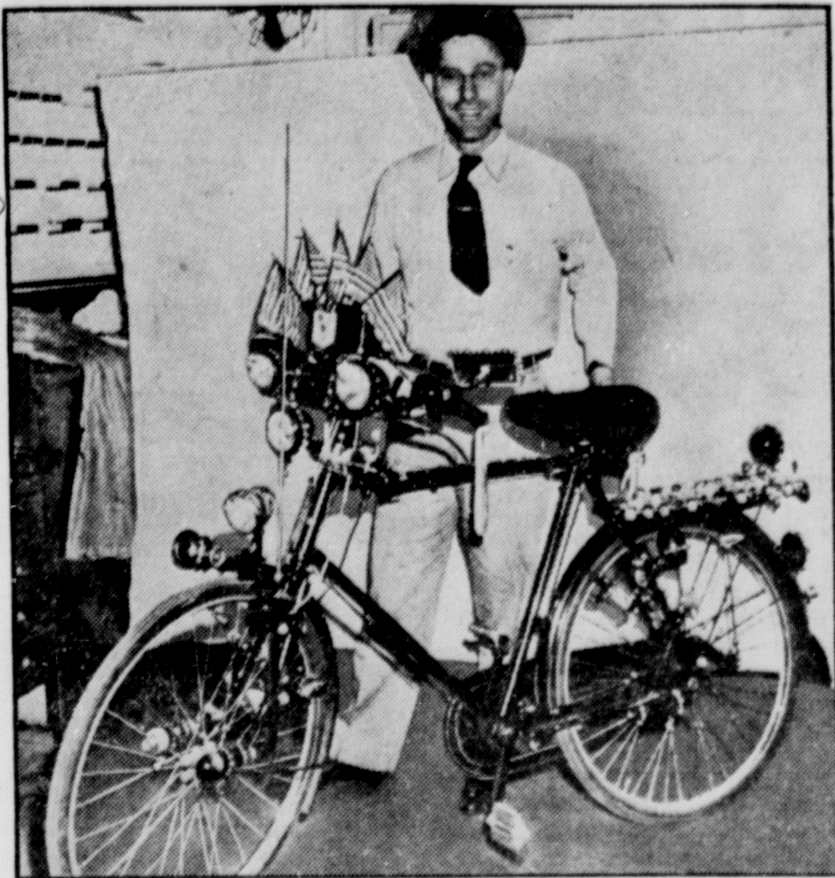

SUNDAY SCHOOL WORKER'S MEETING WEDNESDAY

A Sunday School Worker's conference was held last Wednesday evening at the First Christian Church under the direction of Gene Root, the Sunday School Superintendent. Rev. Joseph Findley, minister of the church lead in a discussion of the importance of the Sunday School. Refreshments were served by Mrs. Gene Root at the close of the meeting.

The next meeting will be a Christmas dinner with an appropriate Yuletide program under the direction of Mrs. Mary Sligar on Monday evening, December 2, at 7 o'clock. The place will be announced later.

Le Mirage Lists Top Beauties

Judged according to student standards as voiced in an all-day election last week, 25 comely West Texas co-eds have gone to the head of the beauty list and will compete for final honors in the Le Mirage-sponsored contest.

Originally, planners of voting had announced that election officials—members of the Student Senate—would determine the top 36, but later the number was reduced when returns had been completed.

From these who rank in the most attractive five percent of over 450 girls enrolled this semester, a nationally known celebrity, not yet named, will choose the 12 to be featured in the beauty section of the annual.

Reports from the balloting showed these nominees to have garnered the majority vote: Mary Lee Abbott, Doris Baker, Virginia Bush, Shirley Byars, Fern Cunningham, Betty Dromgoole, LaNelle Ekelund, Mary Hanna, Peggy Head,

Catherine Hester, Mary Gamble, Willene Johnson, Peggy Lawrence, Betty Lee, Jody Marsh, Wilma Jean Miller, Billene Mosley, Kate McCulloch, Yvonne Painter, Rose Mary Phillips, Mary Ruth Russell, Media Mae See, Marie Sellers, June Wimberly and Jessie Wolf.

Receiving honorable mention were: Ann Bogan, Vellene Buster, Betty Rush Byrd, Norma Coker, Kay Collard, Mary Frances Colwell, Dolly Endres, Wilma Lee Francis, Jo Ann Hoff, Martha Kelly, June Malone, Dorothy Jean Morgan, Betty Pugh, Dorothy Rushing, Ellen Sanders, Dorothy Sheffy, Bobbye Storey, Sue Trulove and Doris Veach.

CHS Senior Dogpatchers Enact Annual Sadie Hawkins Day Race

Characters Ape Yokel Customs

Smelly Socialite Presents Hawkins and Associates

Seniors dressed as Dogpatch characters, entered the Sadie Hawkins' assembly Tuesday morning, November 12 as introduced by the pantomime read by Mrs. Vernon.

Lil Abner, Charles Wright, caught his foot in a stump while showing Daisy Mae, Geraldine Small, his plan in letting her catch him rather than that hideous Lena the Hyena, Louise Blewett.

Wolf Gal, Zonelle Gregg, called her wolves, Rusty Davis, James Bible, and Mr. Shepherd (not seniors by the way) to the rescue, naturally.

Yokum's Fail Son

Pappy and Pansy Yokum, James Riggsby and Gracie Boyd, respectively, tried to help their son to no avail.

The McSwine sister, Moonbeam, Frances Gooch, Sunbeam, Mary Browning, and Kissable, Muriel Paye Cope, led by Pappy McSwine, Mr. T. L. Devin, failed in their individual methods.

John L. Rabbit, Lawrence Folk, Earthquake McGoon, Neil Thurmon, nor The Monster, Othella Pruitt, helped either.

Even Tobacco Rhoda, Betty Ann Miller, couldn't knock him out of the trap.

Lil Abner's mortal enemy, Gat Garson, portrayed by C. L. Hood, would have surely shot our hero if Big Barnsmell, Wilbert Long, had not come in and knocked everybody out.

Hairless Joe, Larry Roush and Lonesome Polecat, Billy Abbott, were followed by Available Jones, Orville Havens, who had no available remedies for the accident.

Sadie Hawkins After Bachelors
Sadie, Jennie Irvin, and her father, Judge Hawkins, Cordell Mahler, enter. Sadie looks longingly over the group of eligible bachelors including Huey, Duey, and Larry Scruggs, who were portrayed by Robert Fisher, Norman Jones, and Wesley Prater.

Marryin' Sam, Harold Jap Prichard, ambles in on this nappy group. Hamiat Gooch, Edwin Huff, and Ole Man Mose, Mr. Sanders, are followed by none other than Cousin Weak-eyes Yokum, Bill Davis.

Helping a Dogpatch mother, Maxine Barnard, is Granny Scraggs, Helen Spencer.

The Strange Gal, Odessa Scruggs, came in with that rich Horner P. Grimmer, Orville Turner, right behind her.

The Spirit of Sadie Hawkins day, M. E. Rhodes and Flake Thurmon, came in to show that it was almost time for the race; after that The Greatest, James Guthrie, came to see what's up.

Last but not least, is the great Fearless Fosdick, Ridings Sloan, who saves Lil Abner from being caught by Lena.

Dogpatchers Celebrate

After the race, to celebrate the girls' good luck, the Dogpatchers make a batch of Kick-a-poo joy juice. For some odd reason when the Dogpatchers drink this concoction they are all knocked out but Daisy Mae and Marryin' Sam. The marrying can't take place, so the lucky bachelors are free until next year. Oh, unhappy Sadie Hawkins Day.

TERMITES?

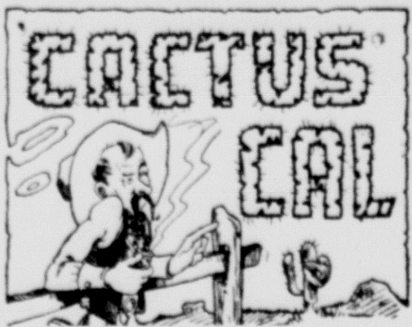

Have you noticed any strange visitors wandering about school? Visitors with termite tendencies?

Groovy little insects aren't they? Definitely in the groove, these little fellows seem to be educated—it isn't ordinary termites who carve their initials on the desks.

Some of them have quite an interest in works of art (?) also—it seems these bugs like scalloped edges on the tables and chairs—and oh yes, let us not overlook those incomparable flowers, circles, etc.

Then, of course, there are those unimaginative critters who just dig ditches and eat holes in the desks—but of course you can't have over-looked these carvings in bas relief—perhaps they were called to your attention when you were on the last line of your English theme when “%-** ? . . a rather rough surface for writing—isn't it?

We admit that these artistic feats are quite remarkable for insects but don't you think this conduct is

These old boys have really been on the run this week, trying to hide out from these date-hungry gals.

First I heard of, was Don Hickman and Betty Miller with Carroll Wray Dickerson and Joan Hix. Saturday night was the time of this little gay episode.

Also Saturday night, I saw Gerald McDuff and Joanna Haines together, accompanied by Bruce Winn and Donna Erwin.

As the days slipped by, Sunday night came to reality. I was standing on a corner, and I declare, I heard a beautiful fleet-lined, Chevrolet roll by and come to a halt. Just dying to know who was in it, I stood there till Marvin Fite, Geneva McDougal, Richard Walters, Juanita Avent, Austell Burrus, Martha Jean Avent, Billy Abbott and Valeta Haines all climbed out. I didn't see them again but I know by reason that they had a good time during their time together.

Numerous other couples that I saw or heard about were: Walton Byrd and Merle Bullard, Ray Burrus and Lois Collins, Allen Winters and Cecily Bosley, Lee Bailey and Verna Davenport, Paige Carruth and Suzanne Stevenson, Dick Ratjen and Ruby Bonds, Jack Ratjen and Billie Bonds, Jack Bonds and Bobby Foster, Dwight Moore and Katie Furlow, Charles Wright and Nancy Nicklaus, James Inman and Nancy Forester, Billy Dugan and June Long, Bennie Cupell and Betty Ponder, Landon Barrett and Bertha Lindsey, Max Bellah and Sue Ann Colwell, Jerry Bailey and Mary Ann Baker, Jimmy Wooten and Betty Ross Craig, Alvin Risner and Maxine Barnard, Bobbie Ratliff and Houstine Prichard, Donnell Ruthart and Suzanne Owens, and Raymond Bennett and Betty Anderson. I am not sure how many of these happened so I will just pass on the names.

The press club asked me to put in this word of thanks to James Riggsby for that wonderful peach pie that saved the paper Monday night.

This is strictly hearsay but I think Jean Hill and Wayne “Rusty” Davis had a date the other night but I am sure that “Rusty” will be escorted around Friday night by Maxine Barnard.

Austell Burrus appeared again last week but with Frances Standley this time.

Clifford Burtz and Martha Wilson coupled together by some odd chance also the other night.

So, some girls caught a man (?) for at least one night during this past week and probably, we will have some results for next week, especially since the boys are supposed to return the favor (?) and ask the girls that asked them).

The following programs will be presented to the Canyon High School students this year:

The McCalls, Animal Act, Friday, December 6, 3:00 p. m.

The Kilties, Male Quartet, Monday, January 20, 2:00 p. m.

Harold B. Davidson, Under Water, Monday, March 3, 2:00 p. m.

Robert T. Edgar, Astronomy, Wednesday, April 30, 2:00 p. m.

These programs are made possible by the activity fee paid by students at the beginning of the school year.

Losers Entertain Magazine Aces

Junior magazine sales led to the party, honoring the Blue side, which sold the most dollars worth of magazines. The Reds (losing side) sponsored the social which was Tuesday, November 11, at seven o'clock.

Class members gathered in the high school gymnasium and danced the majority of the time. Later group games were played.

Refreshments of hot dogs and punch were served by the losing side.

Room mothers attended the meeting, which was over at ten o'clock.

Grade Notes

Students of Canyon Grade School are sponsoring a special drive for Red Cross funds this week. All contributions are to be sent to the national headquarters and the money will be used to aid foreign children in war-torn countries.

Joyce Horn withdrew from Mrs. Joe Black's first grade Friday. The students in this class have been drawing, coloring and mounting pictures of trees and autumn leaves.

In observance on Armistice Day, members of Mrs. User's third grade studied the American flag and its origin. The children had a brief flag ceremony around the flag pole where they gave the pledge of allegiance Monday. These third graders have also been studying animals and their habits and have been modeling animals in clay to illustrate various stories concerning animals.

Mrs. Goodman's third grade is beginning a unit on Indians and Pilgrims. The children are bringing Indian dolls and are making miniature wigwams, canoes, etc. A new student in this class is Tom Athive from Tyler, Texas. Mrs. Hud Prichard visited this room Monday.

Beginning their unit on Thanksgiving, Mrs. Brasher's fourth grade pupils are decorating their room with appropriate drawings and mounted pictures. Wayne Martin from Paducah is a new student in this class.

Mrs. Cousins' fourth graders are beginning on an Indian Unit. Ken Kuykendall was absent from this class last week because of illness.

The 5-W Homeroom Club, sponsored by Mrs. Andy Walsh, had a program Friday afternoon, in the library. LaNette Wallen, chairman, was in charge. The following program ensued: “The Dreamer,” piano solo, by Dorothy Neblett; “Mountain Bell,” piano solo, by Nancy Bolton; “Easy Waltzes,” piano solo, by Jane Rose; readings by LaNette Wallen and Barbara Sparks; and a poem by Billie Graham. Fifth graders memorized “Flanders Field.” Billy Hue Huffman has moved away from Mrs. Jones' 5J.

Charles Akins has enrolled in Mrs. Jones room from Tyler, Texas. Ann Holt of 5J gave 21 books to our grade school library. The books are a set written by Carolyn Kiene.

Yearbook Offers Added Features

Tuesday and Wednesday of next week, staff students will solicit down payments for 1946-47 annuals.

The Steck Company, who edited yearbooks for WT High and Amarillo Junior College last season, will have charge of the publishing of this yearbook. Also a new photographer from Russell's Stationery Company in Amarillo will make pictures instead of the firm formerly employed from Wolf City.

Padded backs, end sheets, and the entire edition printed on a high grade of paper will be a few of its best features.

Students wishing to purchase these yearbooks should be prepared to make deposits when requested by the staff members, since every year more annuals are wanted by the student body than can be supplied.

Chorus Presents Sacred Program

Sneed and Dowlen Appear As Soloists in Selections

The chorus of Canyon High School presented an a cappella program of sacred music at the Methodist Church Sunday, November 10.

The chorus sang: “Awakening Chorus,” “Holy, Holy, Holy,” “Come Thou Almighty King,” “Fairest Lord Jesus,” “Peace Be Still,” “Cherubim Song,” “Church in the Wilderness,” “Old Rugged Cross,” “He Leadeth Me,” “In the Garden,” “Onward Christian Soldiers,” “Open My Eyes,” and “When They Ring Those Golden Bells.”

There were solos by: Frankie Sneed, singing “Holy City,” and Glenn Wade Dowlen, singing “Open The Gates of the Temple.” Marian McReynolds and Donna Erwin sang “The Lord's Prayer.”

Reverend Hubert O. Thomson, pastor of the Methodist Church, offered the benediction and the choir closed with the “Doxology.”

Assembly Offers Magician's Acts

As an opening number at general assembly, the students of Canyon High School sang the first stanza of “The Star Spangled Banner” last Friday in the CHS auditorium.

Superintendent Wooten made further announcements concerning grade point deductions for absences. Sixth grade students were present for the assembly since a lyceum number was to be presented.

To complete the assembly program, Mr. and Mrs. Duke Montague, magicians, of the Southern School Assembly, performed various kinds of magic they have gathered together from all over the world many tricks and illusions.

They offered such numbers as: “The Diabolical Rope,” “Silken Fantasy,” “Mystery of India,” “Magical Lemon Drop,” and a host of other baffling and colorful acts.

104 Pupils Begin Tonette Classes

With a group of one hundred and four, Mr. M. D. Shepherd began work on a Tonette Band last week. It is composed of sixth, seventh, and eighth graders.

Thirty nine of these students are in grade school and they receive instruction two days a week in their own building. Seventh and eighth graders have the sixth and seventh periods each day in the auditorium. These classes have sixteen and fifty-nine members respectively.

Sixteen seventh graders are learning to do harmony. Mr. Shepherd hopes to give a program of Tonettes in assembly before the Christmas holidays begin.

At the present they have learned a number of pieces including “Jingle Bells,” “Old Black Joe,” “Long Long Ago,” and “Goodnight Ladies.” “The Tonette is to teach each pupil the fundamentals of music so that he will be able to easily pick up the reed instruments of the band, including the flute. It will help a great deal if the parents will encourage each pupil to learn his instruments,” states Mr. Shepherd.

Members Initiate FFA Greenhands

Initiations of “Greenhands” into the Canyon Chapter of the Future Farmers of America, occurred Wednesday, November 13, at Canyon High School.

Thirty participants were initiated by old members. This week the “Greenhands” were required to know the FFA creed. Tuesday, 12, they began wearing their greenhands cut from cardboard to designate them as beginners.

Greenhands of last year, numbered fifteen, while the list this year has reached thirty.

Dumas Defeats Gridders 14-0

Four Teamsters Tussle Last Time for School

On an extremely muddy field, the Dumas Demons beat the Canyon Eagles 14-0, at Dumas, Friday night to end Canyon's reasonably successful season.

Co-captains Charles Wright and Billy Abbott lost the toss and were forced to kick. After the kickoff, Dumas was held for two downs. On the third down, the Demons fumbled, with Jimmy Lindsey recovering on the Dumas 12 yard line. Wright slipped through for a total of 66 yards in two downs to move the ball to the Dumas 22. Abbott and Wright combined to move the pigskin to the 11 yard line and another first down.

Pass Fails

On the next two plays, the Eagles lost 8 yards. A pass from Abbott to Cordell Mahler was incomplete and the fourth down, Gerald McDuff connected with one of Abbott's passes but the yardage was not sufficient for a first down. The first quarter ended with the ball in the Demons' possession.

After Dumas had moved to the Canyon 25 yard line, they were held for the required four downs. The Eagles were unable to make any headway and Dumas took over on the 34. A 5 yard penalty took them back to the 41, but mud-hungry Demons ran the leather back to the Eagle 10 yard line as the half ended.

Kick Was Blocked

McDuff received the kickoff on the 27, returning to the 31. Wright ran 8 yards on the first down but on the second an offside penalty deducted 5 yards. The Abbott-Wright combination clicked for 6 yards but Canyon was forced to kick.

The Eagle defense held for four downs and Canyon took over on the 40 but was held on downs and Abbott's kick was blocked, Dumas recovering on the 45. This time the Demons could not be stopped and the first touchdown of the game was scored. They also added the extra point to make the score 7-0.

Abbott received the kickoff on the 35 moving to the 38. Wright made 3 yards but Abbott was set back 3 as the third period ended.

Eagles Forced to Kick

Again the Eagles were held on downs, but the Demons were done likewise as Canyon took over on the 13. Wright and Bailey were not able to make the necessary yardage and were forced to kick.

Dumas once more slipped away from Canyon tacklers and drove into the end zone for their final touchdown. The extra point was also made. The score: 14-0.

The remaining minutes of the game were scoreless, both teams fighting hard.

Outstanding players on the line were Jimmie Lindsey, Austell Burrus, and Clifford Burtz. These boys were in on almost every tackle and also showed exceptional ability in blocking.

Charles Wright, Billy Abbott, James Guthrie, and Cordell Mahler are seniors and played their last game of football for CHS.

THE BUFFALO DRUG

Abilene Eleven Beats Buffs With Early Scoring Spree

Powerful Hardin-Simmons, displaying an array of fast scat-backs, roped in 28 points in the first half Friday night to trample the Buffaloes 28-7.

A different story was produced in the last 30 minutes of the conference tilt. As in many other contests this season, the Buffaloes seemingly received a half-time transfusion of spirit and determination and came back to definitely outplay and outscore the rugged undefeated Cowboys in the last two periods.

Quick-opening plays, end sweeps and bullet passes dominated the action of the Abilene horsemen in the initial two quarters. Rudy "Little Doc" Mobley, national ground-gaining leader, took a lateral from Morris Southall midway in the first quarter and swept right end for a 54-yard touchdown gallop. Toney Toulos made good his first of four conversions for the night.

A few minutes later, the Purple and Gold gridmen carried the ball deep into Buffalo territory. Alvin Johnston, triple threat Cowboy back, heaved a 22-yard touchdown aerial into the arms of big Bullet Cook who had slipped behind the West Texas defense. Toulos again converted to make the first quarter score 14 to 0.

Buff Scores

At this point, Pat Bailey, reserve fullback, began performances which tagged him the outstanding Cowboy player of the game. He repeatedly ripped through the Buff forward wall for long gains. Two such plays in the second stanza allowed Bailey to dance 14 and 35 yards for touchdowns. Toulos had a perfect conversion night as he split the uprights after the last two Hardin-Simmons counters.

West Texas State threatened only once in the first half. That threat came after Metz LaFollette covered a fumbled Cowboy punt on the

Hardin-Simmons 32. Billy Greenfield, playing his usual superb game, got on the receiving end of a Joe Willoughby pass for a first down on the Cowboy's 19. An off-side penalty cost the Buffs 5 yards and they couldn't produce enough yardage to retain the ball.

After a very colorful intermission display of both the Buffalo Band and the Cowboy Band, Hardin-Simmons kicked off to West Texas State.

The third period was mainly a battle between forward walls and punters with West Texas gaining the upper-hand. Time after time Buffalo linesmen crashed through to dump Mobley, Southall and Bailey for losses and no Cowboy runner managed to get away.

Buff Tally

Late in the fourth period, Boyd Williams sent a punt booming down to the Abilene 14. Southall and Mobley lost eight yards in two plays so Johnson kicked to his own 42 with Burl Pruitt returning to the 30. A penalty cost the Cowboys 15 and then Lloyd Johnson wheeled to the 8. Greenfield ploughed over in two tries and Junior Melton made good the conversion.

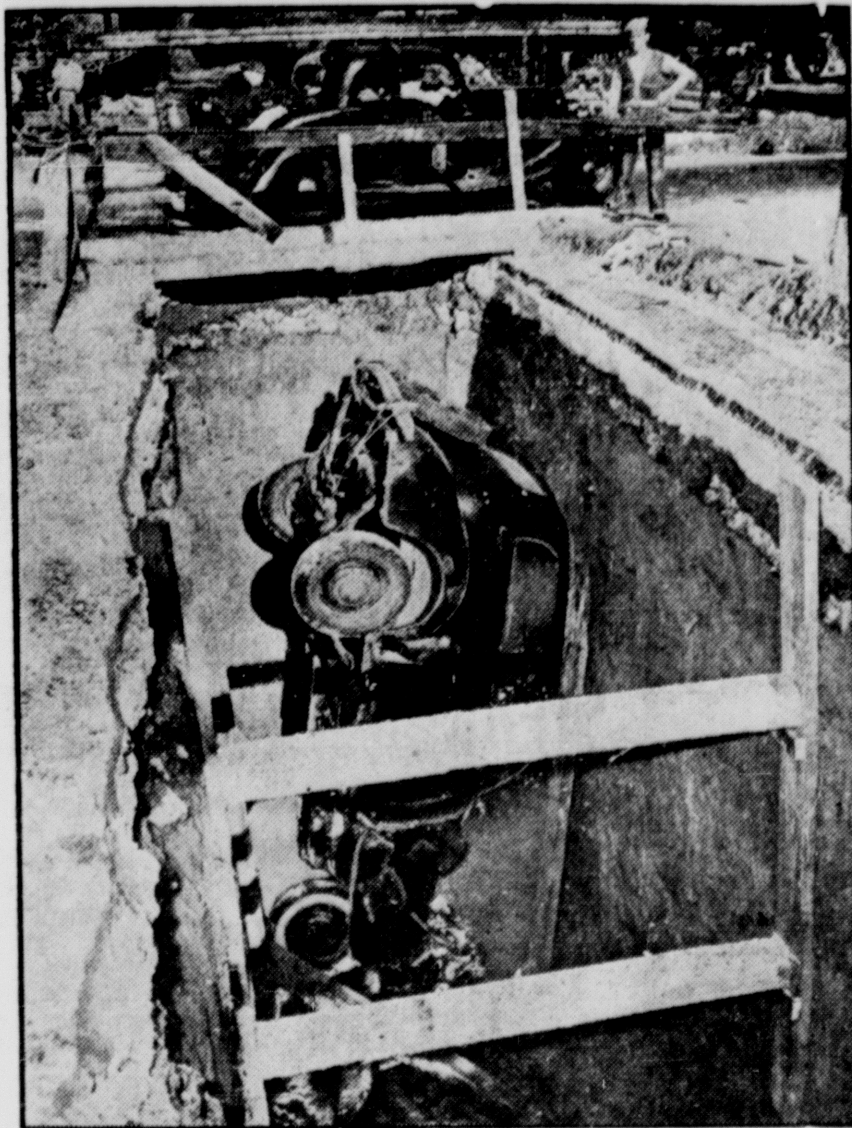

Hardin-Simmons, who kept in their first string throughout the last half, did not threaten after the intermission and the game ended 28-7.

The entire Buffalo line played a great game with the only serious injury coming to end Omer Jordan who broke his arm just above the elbow and will not see action for the rest of the season.

The telephone company claims it is handling 142 million local calls a day. That's a lot of conversation, and where is it getting us?

Last Home Tilt Of Year Friday

Intersectional Match Pits Clubs of Equal Power and Standing

Along with the first winter winds blowing down from the north and striking the Panhandle, the rejuvenated Shockers of Wichita University are drifting southward in hopes of striking West Texas State's Buffaloes a victorious blow on Friday night.

The victor in their last two games and displaying a season record of four losses and three wins, the Wichita crew will definitely be out to continue their winning ways.

Head Coach Ralph Graham, who has just returned from service in the Navy, has tutored the Shockers through this season which saw them lose to Tulsa University 33-13 in their opening game. Traveling to Dayton, Ohio, for their second contest, the Wichita crew dropped another game to Dayton 21-0. The following week saw them almost upset a heavily favored University of Kansas eleven before bowing 14-7.

A visit to Des Moines, Iowa, produced Coach Graham's first victory when they bowled over powerful Drake 12-6. Drake beat Texas Mines 7-2 and West Texas dropped before the Miners 26-20. Oklahoma City University cut the Shockers down to a 28-0 tune for the Kansas players' most decisive defeat.

Wins Two

In the last two weeks, the Wheat State griders have romped over Washburn University 21-0 and demolished the St. Louis University Billikins 13-0.

West Texas State, victims of Hardin-Simmons last week, will be in comparatively good shape for the fray. Omer Jordan, first string end, received a broken arm in the Abilene clash and will be out for the rest of the season.

This will be the last home game of the season for the Buffaloes who trek to Tempe, Arizona, next week to tackle Arizona State in a conference game.

Main Players

Coach Graham started the season with many returning lettermen and hosts of returning veterans. Out of these prospects, he has built his grid machine around Sexton, Hap Houlik, 170-pound New Jersey halfback; Fred Silverthorn, 195-pound Washington State high school star; and Earl Hamilton, 185-pound Chicago quarterback.

Rounding out a strong line, the veteran coach has centered his strength on 200-pound Marvin Campbell and Indiana-born Paul Walker at ends, 185-pound Bill Draut and 220-pound Jack Bell at tackles and 6-foot, 200-pound Ed Stine of El Dorado, Kansas at center.

BOYCE HOUSE

What this country needs is not a good 5-cent cigar; it's the return of good, old 5-cent hamburgers. Can you remember when you got a hamburger, slice of pickle, slice of onion, mustard and a bun—all for a nickel? Now you get a slice of wilted lettuce, a sliver of apologetic tomato, a smear of mayonnaise, a dab of meat, two parched pieces of bread and three soggy potato chips—and pay 30 cents.

Senator Taft of Ohio declares the trials of the German war criminals are a disgrace. He says they were tried under an ex post facto law—that we declared the law after the act and not before. Murder has always been against the law. The law does not need to be passed by legislatures nor engrossed on parchment; the Almighty has written it in the conscience of man. No one had told Cain he should not kill his brother but Cain knew it was wrong and his Maker branded him and sent him forth to wander, accursed, through the world. Nobody has ever objected to that as a wrongful punishment—that is, nobody until Senator Taft came along.

Shall we hang a man for the murder of one—and not hang those who were responsible, through concentration camps, slave labor and executions, for the murder of millions?

A hunter popped a pheasant on a hill; It made a great to do and then was still.

Get Phillips 66 Gasoline

It's a fact—Phillips brings you a gasoline that starts fast... warms up quickly all winter long!

As the weather gets colder Phillips draws upon its vast reserves of high-test natural gasoline... adds more and more high-volatility elements to Phillips 66 Gasoline.

That's why Phillips 66 gives such smooth, even power—such instant, split-second starts when it's cold. Try a tankful and see how Phillips controlled volatility adds to your driving pleasure all year 'round.

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

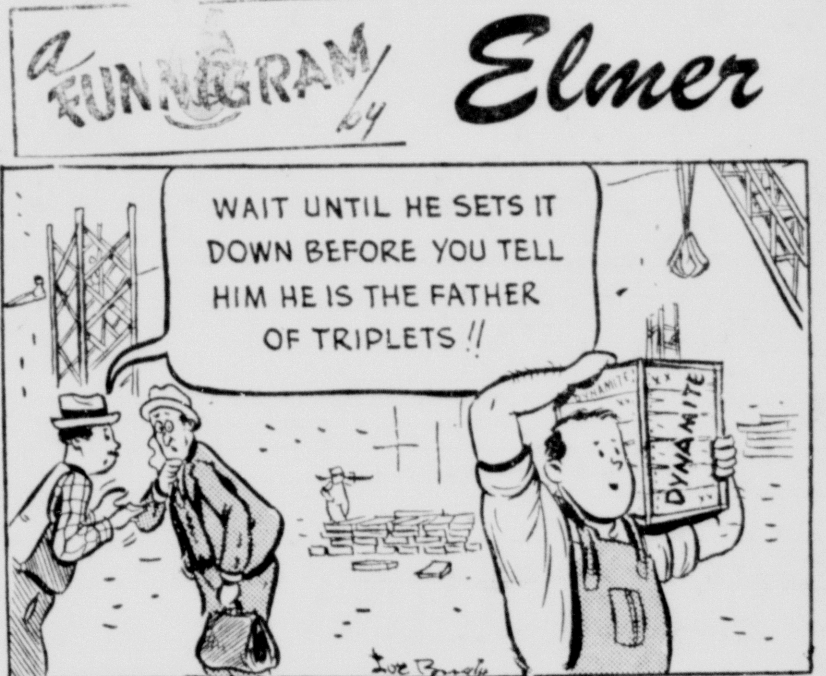

For good service... Phillips 66!

Wayside Items

We have just had our children

stop at the wayside.

John Casaway of Shady and Gar-

ret Post of Wayside were mar-

ried Nov. 3 in the home of the

groom's parents, Mr. and Mrs. Jack

Post of Wayside, after a short

wedding trip to New Mexico the

couple will be at home in Canyon.

Mrs. E. A. Franklin is visiting in

Calvin at the home of her son,

Orval and family.

Mr. and Mrs. W. I. Latta made a

trip to Amarillo last Thursday for

the Latta family.

The John Stinson family spent

the week end in the J. M. Wilson

home in Amarillo.

Mr. and Mrs. W. E. Franklin called

on the J. M. Wilson family who is

in the Valley Hospital in Canyon,

with a broken neck and other in-

juries. He was cheerful and getting

as well as could be expected.

Went from Doyle Payne, who

lives in Grand Junction, Colo., had

been hunting and killed a deer.

If you want a dish directly

on the line in the ice box, place a

jar under underneath it. This will

prevent it from slipping.
